Greetings!

When you live in a big city and look up, you see only a small patch of sky; tall buildings get in the way. In contrast, on most days in South Florida, you can look up and enjoy a large blue sky. It is Nature’s canopy - complete with moving cloud pictures, stars, a moon that shines brightly and the sun’s solar power. No matter what challenges you face, when you take a moment to reflect and appreciate beauty, you glean renewed hope, strength and energy. Take a sky look today!

THIS MONTH'S SCHOOL SPOTLIGHT

AACY likes to thank and recognize people at our schools that go above and beyond to assist in making the Caregiving Youth Project a success. Students that are supported in their caregiving roles are more likely to attend school, get good grades, know they are not alone and most importantly, graduate!

Jennifer Carril, Assistant Principal at Spanish River High School, is a vital component of CYP's success since the program started at the school. Not only does Mrs. Carril work with Ms. Kim to ensure youth caregivers are provided the needed support, but she helps to identify how to raise awareness of youth caregivers within her school and educate staff and other students. Mrs. Carril, as well as other teachers and staff at Spanish River High School are true supporters of AACY, and for that we would like to extend our most sincere gratitude, Thank you for all that you do!

**ARE THERE ANY VETERANS IN YOUR FAMILY?**

Palm Beach County has services that might be of assistance to your family. Learn more here.

Another resource is VeteranAid.org that offers detailed information on a Veteran’s pension benefit called Aid and Attendance (A&A). If Veterans require assisted living care in a community or at home, A&A gives the information they need to apply for the A&A benefit themselves for free. Senior veterans and spouses use this benefit to help them afford quality home care.

**FREE SUPPORT AT YOUR FINGERTIPS, 24/7**

Crisis Text Line serves anyone, in any type of crisis, providing access to free, 24/7 support and information via the medium people already use and trust: text. Here’s how it works:

1. Text HOME to 741741 from anywhere in the USA, anytime, about any type of crisis.
2. A Crisis Counselor receives the text and responds quickly.
3. The volunteer Crisis Counselor will help you move from a hot moment to safety.

**Hi CYP Members,**

Did you know that the month of September is Yoga Awareness Month? This is a special time for us to discuss the benefits of yoga for your health. According to the Yoga Journal there are 38 health benefits to Yoga; wow! Some of these benefits include: increased strength, better blood flow, increased focus and happiness, and better flexibility, just to name a few!

It is so important to find some type of exercise you love. We know that though Yoga is great for mind, body and soul it might not be right for everyone. Let’s talk about some other exercises you can do to stay healthy.

Examples of exercises that members of our AACY team regularly do include:

- **Ms. Brenna,** the CYP Activities Manager, attends a Zumba class that she loves. Dancing is a great way to stay healthy, and reduce stress!
- **Ms. Kim,** one of our Family Specialists swims with her kids in the pool. The list of swimming benefits can go on forever! They include a healthy heart, lungs, and a whole body workout.
- **Volunteer Manager Ms. Marcy** really enjoys playing tennis, and often plays multiple times a week. Marcy feels that she can always challenge herself while playing and enjoys the socializing aspect of it too! Tennis is great for endurance, and a healthy heart.
- **As for myself,** one of my favorite workouts is spin class. I listen to different types of music and ride a stationary bike and enjoy this workout because even though you are working out on a bike individually, it still feel like I’m part of a team.

**Why is it so important that you exercise and live a healthy lifestyle?**

One big reason includes being a caregiver. If you do not take care of yourself, it is hard to take care of someone else. You might already have an exercise that you love, maybe a team sport like football or soccer, or maybe you just enjoy a quiet walk. Whatever you’re doing to stay healthy keep it up!
